

Setting up with Worldpay Online Payments

First things first....

[CLICK HERE](#) to start!

In the time it takes for the kettle to boil you can register for an account which will then allow you to start your application process.

1. Create a Worldpay account
2. Enter the email address and password you want to use
3. Select the checkbox to accept the Worldpay agreement
4. Click **'Create an Account'** and click the link in the confirmation email
5. Enter your password and click 'Confirm Email' then click **'Activate now'**

Next is the application form – below are some top tips to ensure you are up and running as soon as possible.

- Under Company Details - Ensure **'UK Domiciled'** is selected
- **Business Profile 'Sector'** – Ensure this **accurately** describes what you will be using the account for
- **Business Profile Turnover** – this is projected income through this Worldpay Online Payments product **only** (not your **total** business turnover)
- Bank Account Details – In order to **settle** funds to you, we will require **proof** of your business bank account

Please check our [Video Tutorial](#) should you need further assistance

Almost there! These next steps will assist you in syncing your Worldpay account with Woo Commerce.

1. Once your Worldpay account is approved, sign in and retrieve your **service key**.
2. Copy and paste these keys into your Woo commerce payment settings

Sit back and start taking payments online!
